

FABRICS by MALDEN MILLS INDUSTRIES INC.

The fabrics listed below are manufactured by Malden Mills Ind., Inc. from polyester fiber. It is a pile fabric that does not shrink, pill, or pull out of shape and is comfortably worn next to the skin. It is warmer and lighter than wool. It absorbs less than 1% of moisture and dries rapidly. It is also called bunting pile. Uses: Excellent for jackets, both shell and linings, and bag liners where a soft pile is desirable. Most Rolls are 58-62" wide, with the stretch (Lycra) rolls narrower, more like 55-58" \$5.75 FOR FULL SAMPLES OF FABRICS by MALDEN MILLS IND. INC. (currently on hand.)

Manufactures Please Note: Malden Mills Industries, Inc. has restricted the use of all Malden Mills' trademarks to those customers that have a trademark license agreement with Malden Mills. Therefore you may not use Malden Mills®, Polarfleece®, or Polartec® on any advertising or finished goods without the special consent of Malden Mills. You may use: "Fabrics by Malden Mills Industries, Inc.", 100 weight type, 200 weight type, etc... If you have any questions please feel free to ask.

FABRICS ARE LISTED BY COLOR NAME AND MALDEN'S COLOR NUMBER NOT ALL COLORS OR PRINTS ARE AVAILABLE IN FULL ROLLS. PLEASE ASK US FOR OUR FULL ROLL LIST
